Areas of focus to achieve Vision						
	Health & Wellness	Education	Great Outdoors	Arts & Culture	Community	Personal/Values
	All residents have access to food, housing and health to meet their basic needs.	Students of all ages improve their lives through appropriate education and workforce development opportunities.	Alaska’s natural beauty and habitat are valued, and parks and trails are maintained for the long-term benefit of the public.	Alaska’s vibrant arts and cultures are celebrated in ways that encourage artistic expression and foster an appreciation of our many rich and diverse cultures and history.	Community members participate in civic engagement to identify and meet the needs of their communities through Affiliate Foundation funds and other community-based philanthropy.	Alaskans who have done well have the opportunity to preserve their values and vision for a productive, caring Alaska. Examples include: Progressive, Pioneer, Faith-based and named donor funds.
